

The Young Farmers & Ranchers (YF&R) program is comprised of men and women ages 18-35 looking to develop their leadership skills and meet and socialize with their peers. For more than 50 years young farmers and ranchers from across Nebraska have come together to share their experiences and to gather ideas and information.

LEADING THROUGH SERVICE

- Providing workable solutions for issues affecting agriculture
- Influencing public policies that affect agriculture now and in the future
- Sharing their agriculture perspective
- Serving their communities by volunteering and making a difference

YF&R CONFERENCE

As concerns in agriculture change, so do the topics at YF&R. Now more than ever, young farmers and ranchers are needed to continue to produce enough food, fiber, and fuel to sustain the growing population.

Each conference features:

- Dynamic speakers
- Innovative farm tours
- Breakout sessions
- Networking opportunities

The Nebraska Young Farmers & Ranchers conference held annually in January will equip you to be a leader in the agriculture industry.
